

PARVARA: WEBSITE PROJECT SPECIFICATION

Your Tribalizing Companion - Brand Analysis & Content Strategy

1. Brand Philosophy & Identity

Parvara is positioned as a bridge between modern existence and ancient, primal connections. The core of the brand is "Tribalizing"—the act of bringing humans together to dissolve individual ego into a collective rhythm.

"Where presence becomes prayer, and strangers become a living, breathing tribe. We facilitate spaces for humans to be raw, rooted, and deeply connected."

- **Core Pillars:** Mindfulness, Tactile Creation, Rhythmic Movement, and Nature Immersion.
- **Visual Aesthetic:** Sophisticated Minimalist / Raw Earth.
- **Voice:** Soulful, poetic, grounding, and communal.

2. Website Structure & Copy

A. Home Page (The Welcome)

Hero Headline: Your Tribalizing Companion.

Sub-headline: A space for slow living, community building, and the art of self-discovery through immersive experiences.

Call to Action: [Join the Circle] | [Explore Gatherings]

B. Offerings (Services)

1. Workshops: Focus on the "Tactile Wisdom."

- *Pottery (Clay & Connection):* Mud becoming memory. The meditative act of shaping earth.
- *Balance Arts:* Slacklining and balance boards as a tool for internal focus.

2. Gatherings: The communal pulse.

- *Drum Circles:* No names, only rhythm. A collective heartbeat in physical space.
- *Bhasma Flows:* Sacred night movements and fire rituals.

3. Excursions: The geography of the soul.

- Curated trips to: Leh Ladakh, Ganderbal, Tulian Lake, and Jammu.

C. About Page Copy

We are a natural remembering. In a world of digital production, we choose human presence. We believe in the power of mud on hands, fire in the night, and eyes meeting without words. Parvara is the companion for those seeking to return to their roots.

3. Design Guidelines for Cursor

- **Primary Colors:** #2C3E50 (Deep Earth), #8D6E63 (Clay/Terracotta), #F5F5DC (Sand/Beige), #1B5E20 (Forest Green).
- **Typography:** Use a serif font for headings (e.g., 'Playfair Display') and a clean sans-serif for body text (e.g., 'Inter').
- **UI Style:** High whitespace, large immersive imagery, and subtle transitions that mimic the "Slow Living" philosophy.

4. Technical Execution (Cursor Prompt)

Use the following prompt in Cursor to initiate the build:

```
Act as a Senior Web Developer and UI/UX Designer. Build a high-end, minimalist website for 'Parvara' using Next.js and Tailwind CSS.
```

Design System: Earthy tones (Terracotta, Sand, Charcoal).

Sections needed:

- Hero: Immersive video background with a poetic headline.
- Philosophy: A clean section explaining 'Tribalizing'.
- Offerings: Three grid cards (Workshops, Gatherings, Excursions).
- Destinations: A gallery or map-style section for Leh, Ganderbal, and Jammu.
- Footer: Social links (Instagram: @parvara.in, YouTube: @Parvara.community).

Ensure the mobile view is fluid and the typography feels premium and soulful.
